

EXCELLENCE AWARDS

Partnership Opportunities

1 June 2027

An opportunity to align your organisation with one of the infrastructure sector's key nights of celebration, recognition and connection, while placing your brand alongside the people and organisations driving a more sustainable future.

EXCELLENCE AWARDS

CELEBRATING THE PEOPLE AND PROJECTS

1 JUNE 2027

The ISC Awards bring our industry together to recognise achievement and celebrate the people, organisations and projects helping to shape a more sustainable future for infrastructure.

The ISC Awards shine a light on those making a meaningful contribution across environmental, social, governance and economic outcomes, recognising the people and organisations helping to transform the market at individual, organisational, project, systemic and societal levels.

Sustainability is never the work of one organisation alone.

It's the result of collaboration, leadership, innovation and collective action across the infrastructure ecosystem.

PARTNERSHIP OPPORTUNITIES

To be part of this significant event and align your organisation with Australia's leading sustainability awards, please see our partnership packages.

In addition to the above, page 9 outlines all of the benefits every partner will receive

The partnership proposition.

This isn't simply an opportunity to put a logo in a room.

It's an opportunity to be part of the conversation, celebrate the sector, recognise leadership and connect your organisation with the people shaping the future of sustainable infrastructure.

ALL PARTNERS WILL RECEIVE:

As the ISC's event partner, SBLive will support the event through its own communications, extending partner visibility beyond the room.

PRE-EVENT

Recognition across relevant ISC event communications

Social media recognition

Inclusion in event partner communications

AT THE EVENT

Partner branding and activation appropriate to the package

MC acknowledgements

POST-EVENT

Social media recognition

Full access to relevant event imagery

Inclusion in the ISC newsletter appropriate to the package

Post-event recognition through SBLive communications where appropriate
